Bear Givers to Sponsor Art Show featuring Artwork by Students with Special Needs

Santa Monica, Saturday December 4th 2010 - Carousel School is proud to present its First Student Art Exhibition. The event is sponsored by Bear Givers and features over 60 stunning pieces of artwork created by students from Carousel School. The Exhibition will take place at the beautifully located Hamilton Galleries, 1431 Ocean Avenue, Santa Monica 90401 and will be from 6:00pm until 9:00pm. It is free, and open to the public.

Carousel School provides high quality education to children with special needs and disabilities. It offers a comprehensive educational program and provides services for children and their families challenged by a wide range of learning, developmental and emotional disabilities.

Bear Givers President Diane Lempert emphasizes that “This exhibit will give so many people an opportunity to see what these talented students are capable of and how they are encouraged and nurtured by Carousel School. Bear Givers is happy to support an event that will allow these students to showcase their creativity.”

The work of over 60 students will be on display, with 100% of the proceeds benefiting Carousel School.

Bear Givers, which was founded by Joseph Sprung, believes that the altruism of some can exponentially affect the lives of many, and has developed programs that facilitate an environment where givers are empowered by bringing joy to others. Their mission is not only to bring joy to those in need, but to enable them to feel the satisfaction of being able to give back to others. The EmpowerArt Program gives children with special needs a rich outlet to develop their artistic capabilities, in addition to giving them a self-esteem and confidence boost. The Art Shows are hosted in professional galleries where the children see themselves as true artists and feel empowered by the knowledge that they are giving back.
